

An abstract painting of a face in profile, rendered in warm, earthy tones of ochre, brown, and white. The face is elongated and stylized, with a large, rounded nose and a small, curved mouth. Above the face is a large, thin yellow oval. The background is a light blue sky with soft, wispy clouds. In the foreground, there is a dark, silhouetted landscape with rolling hills and a few dark shapes that look like cows or horses grazing.
