# LOCATION AND ACCESS

Villars and les Diablerets are located in the french speaking part of Switzerland and are the closest mountain resorts to Geneva Airport (120 km).

The access from Geneva is easy and fast by road and by public transports (1 change).

The villages are ideally located at 1200 meters above sea level and offer traditional architecture and various MICE facilities.

## ACTIVITIES

The resorts are ideally situated between the valley (400m.) and the glacier (3000m.). Due to this particular setting, activities from the valley can easily be combined with activities on the mountain or even on the glacier within a few kilometres.

**In the valley:** salt mines, vineyards, thermal bath.

**Around the villages:** all mountain activities, MICE hotels and infrastructures, wellness centre, ski resort (112 km from 1200m. to 3000 m.), winter and summer activities, 7.2 km toboggan run (winter), 18-holes golf course, hiking and mountain biking trails, high ropes course and via ferrata.

**Glacier 3000 :** Eternal snows, viewpoint, skiing (Nov. to May), suspended bridge, world's highest bobsleigh track (summer), dog sleds, snowbus and many more...

Numerous international events all through the year (Film Festival, International Climbing Worldcup, International Mountaineering Worldcup...) are organized in the resorts.

Villars and les Diablerets were host venues of the Youth Olympic Games in 2020 (ski and snowboard cross, mountaineering, alpine skiing).

All guests staying overnight in a hotel from June to October get automatically a Free Access Card, that gives free access to 35 mountain transports and activities. [www.free-access.ch](http://www.free-access.ch)
