ACTIVITIES

Nestled between plain and glacier, Villars and Les Diablerets offer a unique playground, where it's easy to combine low-altitude activities – such as a visit to the salt mines, vineyards or spa centre at Lavey-les-Bains – with experiences at 3,000 metres on the glacier at Glacier 3,000.

The range of facilities on offer is vast: MICE facilities, hotels, wellness centre, 132 km of ski runs from 1,200 to 3,000 m, summer and winter activities, 7.2 km toboggan run, 18-hole golf course, hiking and mountain bike trails, accrobranche and via ferrata.

Glacier 3000 completes the experience with eternal snow, spectacular panoramic views, the Peak Walk by Tissot – the world's only suspension bridge, skiing from November to May, the Alpine Coaster – the world's highest toboggan run on rails, dog sled rides, the Snowbus and much more.

Villars and Les Diablerets were host sites for the 2020 Youth Olympic Winter Games, as well as the Switzerland Travel Mart – Winter Edition in 2024, Switzerland's largest winter tourism trade fair.

Throughout the year, the region hosts major international events such as the International Alpine Film Festival and ski mountaineering World Cups.

Last but not least, every guest automatically benefits from the Carte Bienvenue, which offers free access to a range of transport and activities all year round.
