THE CASTLE

On the pictures you can
see the castle from the lake.

This castle is home to 4 museums. You will be
able to discover the ancient armour of different
troops who lived in Morges.

The shape of the castle is very rare in the region.
You will only find a similar castle in Yverdon.

Now it's time to keep exploring
the city !

Connect the dots
and find out what the
castle looks like.

LE PARC DE L'INDÉPENDANCE

Did you know that every spring the park puts on a pretty flowery dress ... That's right ! The tulips appear each year in spring and colour the park with a thousand and one colours

You'll also find hidden somewhere in the park an old bandstand.
You can imagine yourself playing in the middle of a big orchestra.

For fun, colour in
this lovely
bandstand.

Show me which flowers
bloom in the parc in
spring and have fun
giving them all colour.

THE SWIMMING POOL

Did you know
there's a swimming pool behind the
Independence Park ?

On hot summer days, you can go for a swim. There is
a swimming pool with two slides and a large pool
with a paddling pool that will allow you have fun with
your family.

There's an ice-cream seller and a restaurant if
you are a bit hungry.

MORGES' PORT

Morges' Port welcomes pleasure boats. It was created in 1700 to accomodate a war fleet.

It was the largest merchant port in the 17th century.

There used to be a railway line that came to the port to bring the goods.

Help the young
pirate find his way
back to his ship.

THE TOWN HALL

No one's staying at the Town Hall, isn't that weird ? In a hotel you should be able to sleep there !

Well, this building was used as a meeting place for the people who ran the city. It is still used for this but the whole city administration is there too.

But it's also in this building that couples come to get married. Audrey Hepburn, a famous actress, got married here.

Colour that married
couple coming out
of town hall.

THE TEMPLE

Have you seen that big
church at the end of the Grand'Rue of Morges ?
That's the temple of Morges.

You can enter this building and admire its forms,
because the temple has a very rare architecture
in French-speaking Switzerland.

Become an
artist and create your
imaginary temple in this
beautiful setting,
