

## *Little Train rental conditions 2023*

### **Little Train**

The Little Train has a maximal capacity of 52 people or 48 people with 1 manual wheelchair. In case of bad weather (snow, storm...) Morges Région Tourisme has the right to cancel a ride.

### **Rental**

- For a ride outside of Morges, the rental time starts when the Little Train leaves its parking space and ends when it returns to this space.
- A minimum period of 7 days is required between the request and the day of rental (subject to availability and the need for an authorization request - 3 weeks).

### **Driver**

- If the rental exceeds 5 consecutive hours of driving, a 45 minute break for the driver must be included in his schedule (or possibly provide a second driver to split the day in two, in case of long hours), as well as a lunch break.
- If you are renting for an event with a lot of people and/or frequent stops, please provide an assistant for the driver. If this is not possible for you, this service can be provided by Morges Région Tourisme, for an additional fee.

### **Cancellation**

- It is possible to cancel the rental without fees until 7 days before the departure. After this date, 50% of the estimated amount is charged until 72 hours before the departure. If you cancel within 24 hours before the departure, 100% of the estimated price is charged.
- In case of cancellation of a ride for which a driver has scouted the route and a request has been made to the SAN (official automobile and navigation service) for authorization, these amounts will still be charged.
- If no-one shows up at the meeting point and the driver cannot reach the contact person, they will cancel the rental after a wait of 30 minutes. You will be charged the full amount of the rental.

### **Rate**

We can give you a provisional estimate according to your request. However, the price discussed is in no way definitive. The final invoice (sent after the rental date) is done according to the actual hours worked by the driver.

### **Payment**

During the month following the rental, an invoice is sent to the customer by post, according to the driver's hours bill.

### **Traffic authorization**

If you would like to create your route in the district of Morges, you can send it to us with a precise map (Google Map + indication of the routes taken). We will then have to apply for authorisation from the Automobile and Navigation Service. It takes 3 weeks to receive the authorization to travel. This authorization will be charged at an additional CHF 60 for one day and CHF 100 for two days of rental. In case of cancellation, the amount will still be charged to the customer.

### **School Rentals**

Adults are responsible for maintaining order and discipline in the Little Train. Therefore, 2 adults per carriage are required.

### **Advertising**

It is not possible to cover the advertisements on the Little Train with decorations. However, it is possible to decorate the Little Train in places where there is no advertising (to be discussed with the driver).
