

SETS OF THEMES' VISITS

VISIT N° 1: LIKE THE RED WIRE, THE CULTURAL COURSE THROUGH THE OLD CITY.

You will penetrate in some houses to discover certain hidden richnesses. At the corner of the street or in front of a building, we will give you a sight of the history and architecture and, who knows ? we will tell some anecdotes. Without forgetting to present Morges to you today. This tour is the general visit based on the Cultural Course of Morges, which indexes 23 interesting sites on the historical and architectural point of view.

VISIT N° 2: MORGES: NOSE IN THE AIR, WITHOUT SOMETIMES FORGETTING TO LOWER THE HEAD !

Here more than 700 years, Louis-de-Savoie founded the "good city" of Morges. What remains of this medieval city? While taking time to observe, we will discover the signs, the vestiges which we will make speak. Look on architecture: from an interior court to a spiral staircase, while passing by the Town hall, we will become aware of the evolution of the city from the Middle Ages to the traditional age while passing by the Renaissance.

VISIT N° 3: MORGES: MANY GREAT MEN FOR A SMALL CITY !

Scientists, musicians, painters, men of theatre, doctors and other sculptors, without forgetting the statesmen, many are from Morges whose fame exceeded the narrow communal limits by far. Monuments, street names, mural plates remain the discrete witnesses of "our" celebrities. While strolling in the park, at the edge of the lake and in the old city, we will relieve some of this famous people from Morges.

VISIT N° 4: MORGES: LONG ROMANCE WITH THE LAKE GENEVA !

We will follow the lake by admiring the flowers, but by evoking the rich and multiples bonds between our city and the lake Geneva: Military strategy, trade, birth of modern navigation, tourism, sport, without forgetting science, since limnology was born here. And why wouldn't speak about the galley slaves or fishing?

VISIT N° 5: MORGES AND ITS CHURCHES !

To be more modest than the large cathedrals, the places of worship of Morges offer to those who stop there small treasures that we will have a joy of making you discover. Architecture, stained glasses, witnesses of the history and undoubtedly some anecdotes will come with our quiet pilgrimage. The temple is one of the rare examples of protestant baroque architecture. The harmony of its frontage creates "the unit more completed and most imposing of the French Switzerland".

VISIT N° 6: MORGES SEEN FROM THE TOP !

Edges of the lake, we will cross the city to discover the small valley of Morges, then the vineyards. Good occasion to observe the beauties of the natural site of the city and its modern growth on the slopes. To the Signal of Echichens, we will have a panoramic sight on the city and its surroundings. By chance, the Mont Blanc will be at the appointment to crown the board. (Walk reserved to people who wish to walk a little and to whom an hour of walk on a good slope does not make fear).

VISIT N° 7: MORGES AND ITS TULIP FESTIVAL

Every spring, Morges celebrates the Tulip Festival. You will be able to discover the blooming flowering of 120'000 tulips, which will compete of elegance and will illuminate for the pleasure of the eyes the superb Park of the Independence located on the edge of Lake Geneva, behind the castle of Morges. On an area of 30'000 m2, you will discover more than 350 varieties of tulips planted in many clumps and you will walk in an exceptional site facing the Alps.
