This trail takes you to the top of Vounetse. From the midway station on the cable car, the route crosses the mountain pastures and the ski area before reaching the summit. The second part offers a beautiful panoramic view with the mountain Berra, the Vanil Noir and the Moléson.

This snowshoe loop hike begins above Charmey in the La Chaudalla district. It is also possible to start at the midway cable car station in Charmey. The path passes a mountain chalet with a roof made from timber shingles. The route then climbs steadily along the edge of the forest. As you walk, you will have views of the Jogne valley, the Dent de Broc and the Vanil Noir in turn. When you reach the Tassinéva chalet, walk along the ridge to reach the summit. The second part of the walk offers one of the most beautiful panoramic views of La Gruyère and its main peaks: The Berra, the Vanil Noir and the Moléson.

You can take a break along the way at L'Auberge chez Dudu, a mountain restaurant with a magnificent view over the Fribourg Pre-Alps. The Dents Vertes restaurant on the Vounetse summit is also open all winter. See the mighty peaks of the Vaud and Fribourg Alps rowing up in the foreground. Behind them the view extends all the way to the Dents Vertes and the Mont Blanc.

The return from the peak leads mostly through the forest. Past the Drotsu d'en Haut farm, located in a beautiful clearing, the trail takes some turns below the cable car. Shortly thereafter, it joins the uphill path and follows it, although going downhill now, back to La Chaudalla.

This unprepared itinerary is marked. You take this trail at your own risk. Snowshoeing is done in the mountains, therefore, certain rules must be respected for your safety.
