Snowshoe trail in the Intyamon Valley.

The small path n°1 winds its way between romantic clearings and runs along trees that spread their branches like a snow-covered vault above the head of the walkers. The highest point: The Cerniat is at 980m. The trail goes down to Le Clos and finally reaches the village road and the starting point.

This unprepared itinerary is marked. You take this trail at your own risk. Snowshoeing is done in the mountains, therefore, certain rules must be respected for your safety.
