PRESS RELEASE

Nendaz : A gourmet winter

Whether in one of the resort's restaurants or in one of the mountain establishments during a nice walk, winter is the perfect season to take the time to enjoy a delicious meal. Nendaz Tourism has two special activities which invite you to take a gourmet break while enjoying stunning scenery.

Rando'Miam

Rando'Miam has existed in a summer version for two years and has been a great success. Nendaz Tourism has decided to offer it for the first time in its winter version, and this until April the 24th ! The idea is to combine winter hiking and culinary delights along an easy 7.7 kilometre walk punctuated by three gourmet stops. A great way to explore the magnificent winter mountain scenery!

Departing from Siviez. Three breaks along the way: aperitif and starter at the restaurant La Tétine, main course at the restaurant de Tortin and dessert/coffee at the bar Le Tipi. Two routes are suggested: one on foot and the other on snowshoes; both with a gentle gradient of just over 300 metres.

Having previously booked and paid for the activity, participants drop by Nendaz Tourisme to receive their route booklet, which includes a description of the itinerary and vouchers for the various establishments mentioned above. They are then free to choose their departure time and to enjoy the walk at their own pace. However, it is recommended to leave from Siviez between 10:00 and 10:30 to enjoy the main course during lunchtime.

Rallye gourmand

The Gourmet Rally is an opportunity to discover various establishments in Nendaz and their appetizers. A card, bought for 25 francs from Nendaz Tourisme, entitles the holder to a tasting session in five of the twelve participating restaurants and bars throughout the winter, i.e. until the 17th of April 2022.

Whether you like savoury or prefer something sweet, an aperitif or a dessert, there is something for everyone. Everyone is thus encouraged to discover various establishments in Nendaz which they might not otherwise have had the idea of visiting, with the result, no doubt, of some pleasant surprises!
