

TREASURE HUNT

THE TRIBAL TREASURE HUNT

Location : Bisse du Milieu - Bisse Vieux
Recommended age : 4-16+ years old
Walking time : 3:30

THE TRIBAL TREASURE HUNT

Welcome to Nendaz !

Four mysterious tribes have recently appeared in the region around Nendaz. They are the Water, Forest, Fire and Sun Tribes.

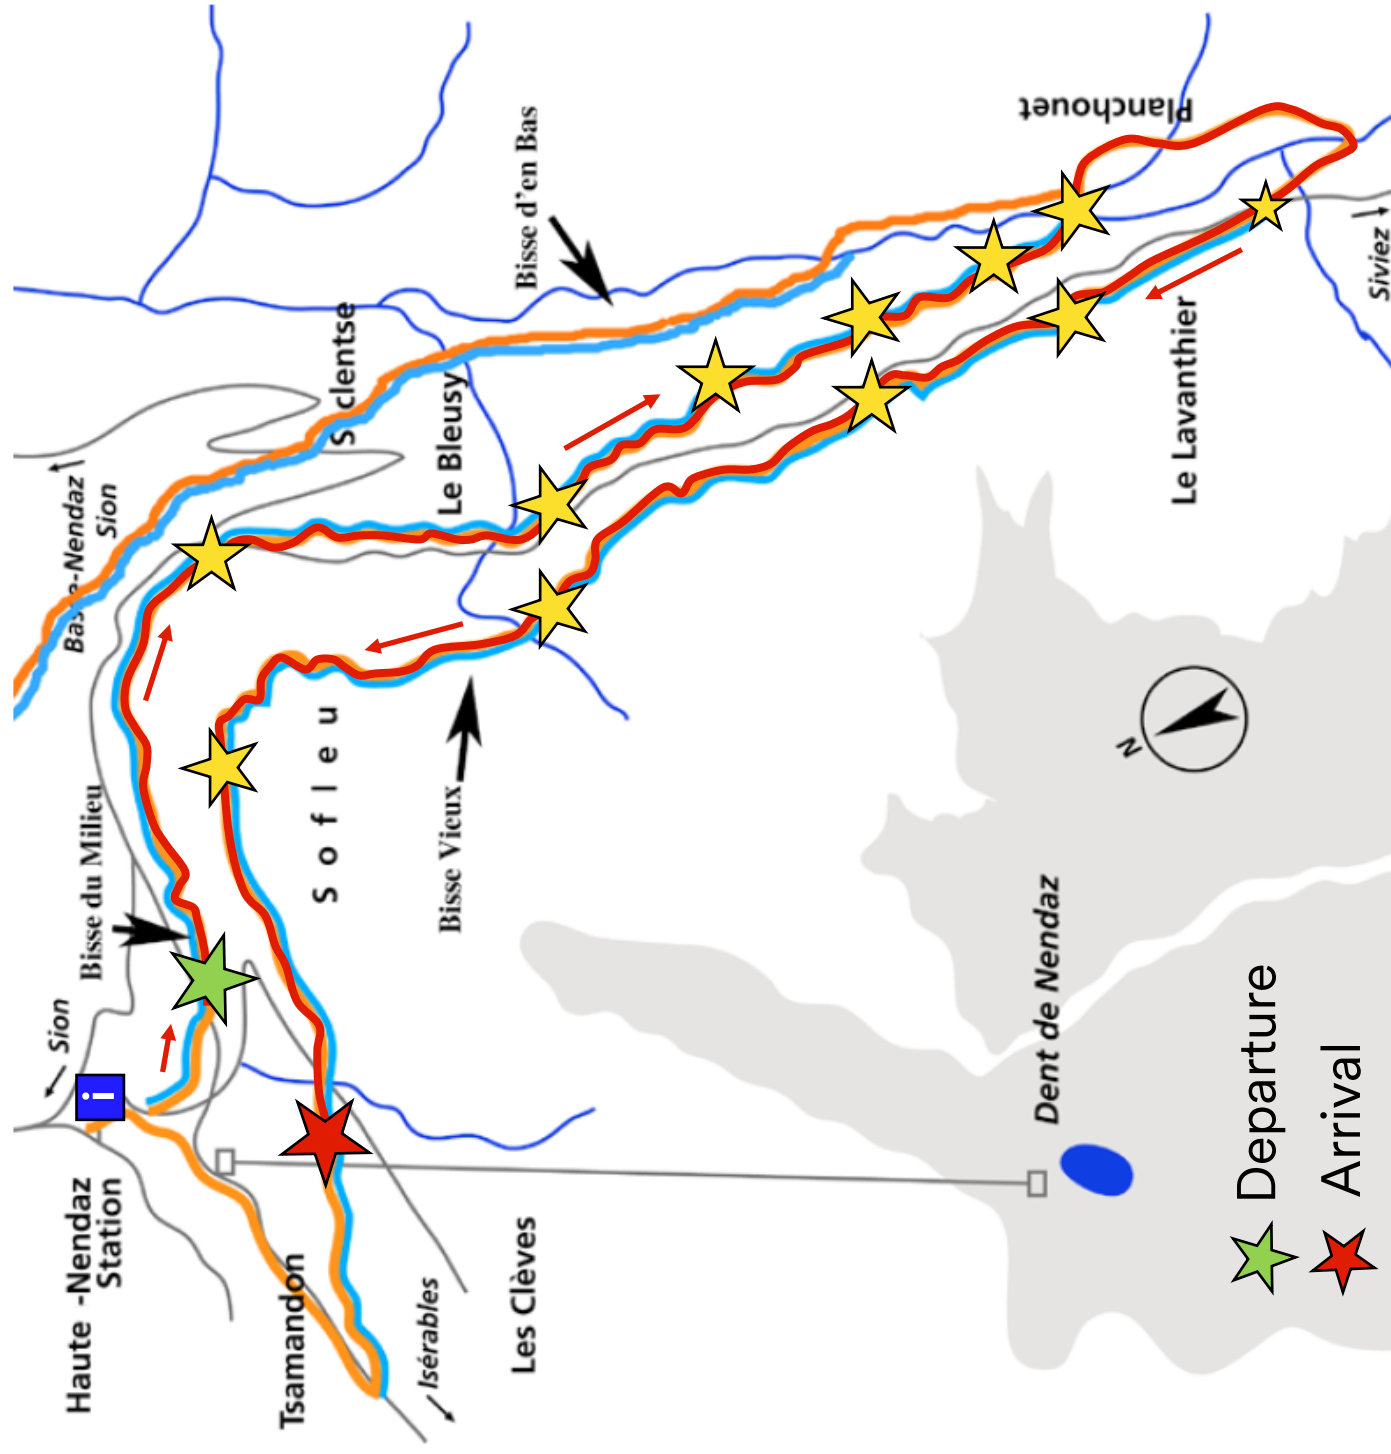

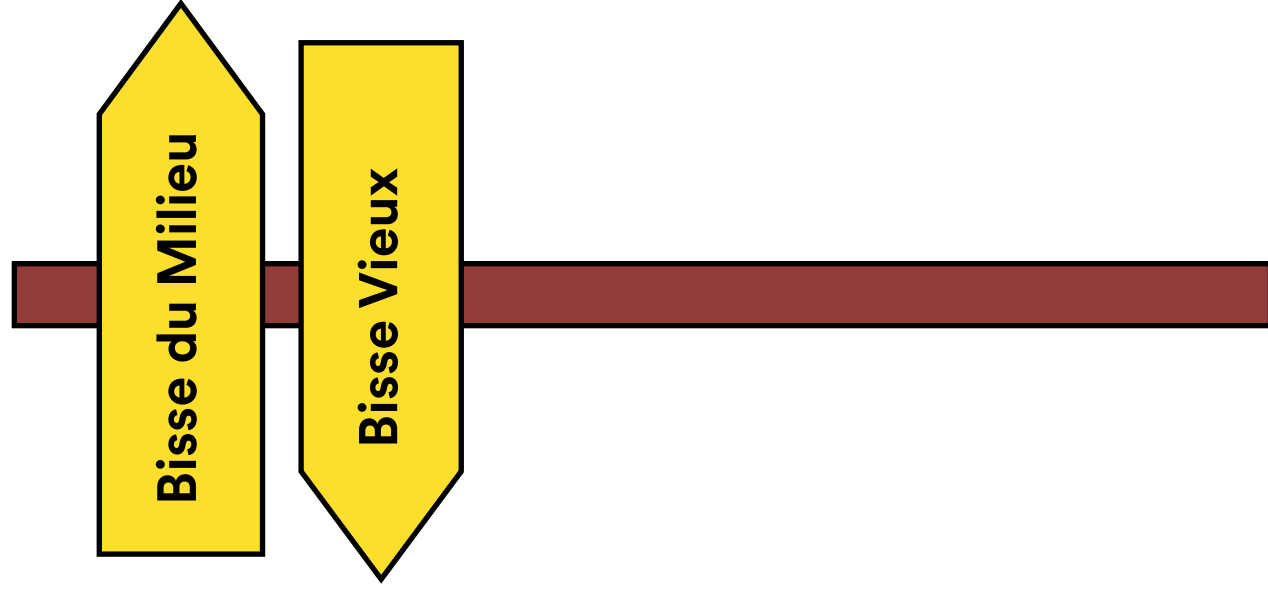

Cheesy needs your help to find them and invites you to go on a quest for clues during your walk along the Bisse du Milieu and the Bisse Vieux.

Throughout the walk, you'll need to answer the questions in your booklet using the signposts along the bisses.

This treasure hunt is available for four different age groups. Head to the first stop to find out which tribe is right for you.

Let's go !

DEPARTURE

You are now ready to set off on the Tribal Treasure Hunt.

It's time to discover which tribe you belong to.

Find your age group and circle the corresponding symbol below !

Make sure you remember your colour, as it will be the one you need to follow throughout the hunt.

At each stop, read the question in your tribe's colour and write the answer in your adventure log book.

For the Forest, Water and Fire Tribes: your goal is to collect letters along the way in order to spell the name of the tribe's meeting place.

Good Luck !

STOP 1

Count the number of suns you can see in the yellow box and write your answer here :

Count the number of items that belong to the forest and circle the correct answer :

4 = E

5 = L

6 = A

Solve the problem and circle the correct answer :

12 = R

14 = D

18 = B

Solve the problem and circle the correct answer :

22 = O

26 = S

34 = T

STOP 2

Circle the missing piece of the puzzle :

Find out which puzzle this piece belongs to and write down the corresponding letter here :

Take a good look at the blue piece on the puzzle in front of you then flick through your booklet to find the piece of the same **shape** and write down the corresponding letter here :

Answer the question in front of you and circle the correct answer :

5 = T

7 = S

9 = P

6 = V

8 = R

10 = L

STOP 3

Find the name of Cheesy's friend by replacing each picture with the corresponding letter:

Find the word hidden in front of you by replacing each picture with the corresponding letter and write it down here. You will need it at the next post:

Decipher the code in front of you and write down the name you find here. You will need it at the next post:

(P.S. It's the name of a place)

Decipher the code in front of you and write down the name you find here. You will need it at the next post:

(P.S. It's the name of a place)

STOP 4

On the map in front of you, find Cheesy and her friends by pointing at them ! Here are the ones you need to find:

- Cheesy
- Ben the squirrel
- Lena the marmot
- Martin the farmer

L

Use the character's name found at post 3 and state the altitude at which they are located:

1508m

P

1400m

V

2238m

A

3330m

F

Indicate the altitude of the location found at post 3:

2200m

U

1400m

C

1730m

G

3330m

B

Indicate the altitude of the location found at post 3:

2200m

H

1400m

R

1730m

I

3330m

T

STOP 5

Which element completes the logical sequence?

Which element completes the logical sequence?

R

X

L

T

Which number completes the logical sequence?

14

15

17

18

D

M

R

F

Which number completes the logical sequence?

121132

2112122

312211

E

A

O

*there is a clue on the back of the panel if you can't work it out !

STOP 6

Circle what you found in the yellow box of the little house.

Write down what you found in the green box of the little house. This clue will come in handy later!

Write down what you found in the blue box of the little house. This clue will come in handy later!

Write down the answer to riddle in the red box of the little house. This clue will come in handy later!

STOP 7

Look at the picture in front of you and circle the odd one out:

Find the item in the picture in front of you that doesn't belong in the forest and circle the letter that corresponds to it :

D G R S X B N V A F

Among these sea creatures, find the odd one out in the picture in front of you and circle the corresponding letter:

B F X S N M T E C Z

Identify the odd word and circle the corresponding letter :

V X A M R

STOP 8

Follow the purple arrow on the compass and circle here the character you've landed on:

Use the compass to navigate NORTH on the map of Switzerland and circle the letter you land on:

N

V

T

S

Find the blue dot showing the location of Nendaz on the map of Switzerland and circle the corresponding letter:

F

P

R

A

Z

T

Solve the riddle in front of you to find out the direction to follow and circle the letter you land on:

N

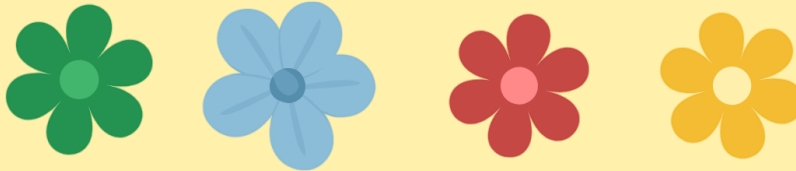

V

T

S

STOP 9

Follow the route indicated by the yellow arrows from the **START** box and circle the flower you end up on :

Follow the route indicated by the green arrows from the **START** box and circle the symbol you end up on :

Follow the route indicated by the blue arrows from the **START** box and count the number of items related to WATER on your way. Circle your answer here:

B

5 = T

7 = P

8 = B

Follow the route indicated by the red arrows from the **START** box and count the number of items related to FIRE on your way. Circle your answer here:

5 = M

7 = S

8 = F

STOP 10

How many mushrooms will Cheesy be able to collect in her basket?

7

9

11

12

In which animal the insect found at Stop 6 could have turned into?
Find it in the picture in front of you and circle the corresponding letter:

F

O

B

S

R

P

Which insect is usually related to the element identified in Post 6? Find it in the picture in front of you and circle the corresponding letter:

T

C

S

P

D

N

Solve the riddle in front of you and circle the answer:

1 = P

2 = T

3 = M

4 = P

END

Write down the letters you've found along the way to form the final word:

stop stop stop stop stop stop stop stop

Write down the letters you've found along the way to form the final word:

stop stop stop stop stop stop stop **E** stop

Write down the letters you've found along the way to form the final word:

stop stop stop stop stop stop stop stop
