## 🏞 Bisses, walk along the water

A true Valaisan tradition, the «bisses» were created in the 14<sup>th</sup> century in order to irrigate the land by diverting the water from the rivers and channelling it along the mountain slopes. The bisse trails are ideal for families. 8 bisse, 6 of which are still in water, represent 100 km of trails between Nendaz and Veysonnaz.

## 🚌 The bisse shuttle bus

The tourist offices of Veysonnaz and Nendaz offer a daily shuttle bus service during the summer. This bus picks up passengers in Veysonnaz and takes them to Haute-Nendaz. It allows hikers to go by bus and return on foot along the beautiful Bisse Vieux/du Milieu and Bisse de Vex (4 hours). Don't forget to book your seat the day before.

## Bisses Delights

An easy walk leads you to explore the region along the bisse, true treasures of the Valaisan heritage. From Nendaz, you can follow the bisse du Milieu or the bisse Vieux to the charming hamlet of Planchouet, where you can enjoy a 3-course meal featuring local specialties, before continuing the walk to Veysonnaz along the bisse de Vex. The gentle sound of the water and the surrounding scenery provide an opportunity to relax and reflect throughout the walk. This escapade can also be done the other way round, from Veysonnaz to Nendaz, following the same proposed itineraries.

## 🧘 Yoga path

Feel the powerful energy of nature and relax! Yoga and relaxation classes with Tibetan bowls and specialised teachers are organised during the summer and autumn. Yoga mats are available at Veysonnaz Tourisme.

## Mushroom workshop

Our forests, its undergrowth and even our meadows are full of all kinds of mushrooms. Local gatherers will not tell you otherwise. But they won't tell you their secret mushroom picking places either.

Would you like to know more about mushrooms? Our guide is happy to accompany you on a nature walk. You can learn all there is to know about mushrooms and have a fun time doing it.

## Guided hike along the bisse of Vex

There is nothing better from June to October than taking a walk along one of the eight bisse (historic irrigation canals). Connect with nature and enjoy the panorama as cultural treasures from Veysonnaz's past are explained to you by a passionate local guide.

## Yoga Break in the mountains

These weekends have been designed for all those who wish to reconnect with their physical being, their sensations and relax while enjoying the fresh mountain air.

This offer includes daily morning yoga classes and, at the end of the day, meditation sessions to the sound of Tibetan bowls, designed to help you let go and reconnect with your inner self, a guided walk along the bisse de Vex and a workshop to connect with the surrounding nature facing an amazing panoramic view.
